Bio I Students to Take ILEARN

Beginning Monday, Biology I students will participate in the ILEARN Biology ECA test. This is a test required by the federal government; any student currently in Biology must take this test.

Parents and students have been notified—most students will take the test during their Biology class period while some will take it first thing each morning. If you have any questions about the ILEARN test, please call us at the school.

SAT on Tuesday, April 27th

Tuesday, those juniors and seniors who signed up will take the SAT during school hours. Students must report to their testing sites immediately upon arrival at school. If you have any questions, please contact Ms. Vischer in the guidance office.

Next Year's Theme

While we get closer to concluding this very atypical school year, we are already looking ahead to next year. We plan to put a focus on Panther Pride and what this means to be successful.

Take a look at the poster design to the right. We look forward to starting the year strong and maintaining an elevated level of pride among students, teachers, and staff.
